

Provider Newsbrief – January 29, 2022

Providers with Members in Long-Term Care

Please share the survey link below with your patients to participate in this important survey:

The **Sonoran Center for Excellence in Disabilities** is exploring the experiences of members in long term care settings, and their families. This survey will ask questions about feeling safe and protected. Your individual answers will not be shared. Thank you for completing the survey.

Note to mobile device users: this survey works best in landscape mode. Sign language translation is available. Click the link found in survey instructions.

English Language version

El Sonoran Center for Excellence in Disabilities está explorando las experiencias de los miembros en entornos de atención a largo plazo y sus familias. Esta encuesta hará preguntas sobre cómo sentirse seguro y protegido. No se compartirán sus respuestas individuales. Gracias por completar la encuesta.

Nota para los usuarios de dispositivos móviles: esta encuesta funciona mejor en modo horizontal.

La traducción al lenguaje de señas estadounidense está disponible. Haga clic en el enlace que se encuentra en las instrucciones de la encuesta.

BUHP Care Management – Quick Reference Info

Care Management - A group of activities performed by the Contractor to identify and manage clinical interventions or alternative treatments for identified members to reduce risk, cost, and help achieve better health care outcomes. Distinct from case management, care management does not include the day-to-day duties of service delivery.

Behavioral Health Care Management

Tucson Fax: 520-874-3411

Phoenix Fax: 602-344-8372
